- Debugging 5B: Encoder problem

HVAC

Humidity sensor

Flood sensors

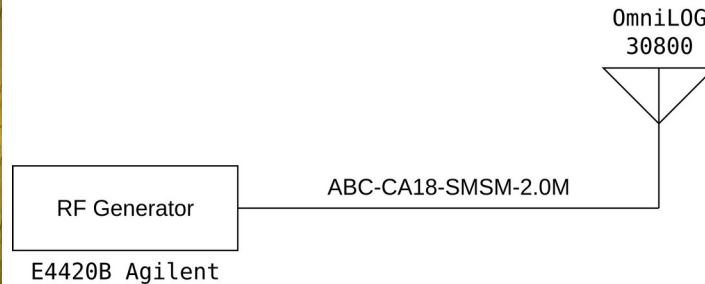

Screen room tests

- Generate signal at the center of the room:
+20dBm at 800MHz and 2GHZ
- Look for RF leaks around the room

Screen room tests

- Generate signal at the center of the room:
+20dBm at 800MHz and 2GHZ
- Look for RF leaks around the room

Screen room tests

- Generate signal at the center of the room: +20dBm at 800MHz and 2GHZ
