

Kollmorgen

SN32HRY-YY-LNK-NS-00

AC synchronous motor with open keyway shaft + 2 stck. + heavy-duty NEMA end bell - Class B insulation - Kollmorgen (SN series) - Supply voltage 120Vac - Nominal torque 3.39Nm - Rotational speed 72rpm - with 3 leadwires - 3.38" x 3.38" NEMA flange (3-3/8" x 3-3/8") (NEMA 34) - equivalent to SN32HRY-YY-LNK-NS-00

Specifications

Primary brand	Kollmorgen
Main function	AC Motor
Product series / family name	SN series
Functions	AC synchronous motor
Design	open keyway shaft 2 stck. heavy-duty NEMA end bell Class B insulation
Supply voltage (AC)	120Vac
Rated current	0.47A (at 80%pull-out)
Rotational speed	72rpm
Torque	3.39Nm
Moment of inertia	2.7kg.cm2
Connection type	3 leadwires
Mounting mode	3.38" x 3.38" NEMA flange (3-3/8" x 3-3/8")
Dimensions	3.875" Pitch Circle Diameter (PCD) NEMA 34
Manufacturer product status	Commercialized
Equivalent to	SN32HRY-YY-LNK-NS-00
Compliant with standard(s)	UL recognized

Benefits

Pacific Scientific synchronous motors deliver bidirectional motion for low velocity; constant speed motor drives.

These motors are driven economically from standard AC line voltage and the synchronous speed is related to the line frequency.
